Full stack web developer with a strong desire for critical thinking and utilizing iterative development methodology. Completed full stack developer bootcamp and received a certificate from Denver university. Over 300 plus hours learning and coding to better my skills. To mention some of the technologies I have procured experience with throughout the course are HTML, CSS, Javascript, JQuery, Node.js, Express.js, React.js, NoSql, Mongo. Currently also halfway through information systems and technology bachelor's degree. Great ability to participate in team collaboration and lead as well. Drive to approach new programming challenges using the resources at my disposal to overcome them and always furthering my knowledge to be better than I was the day before.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, SQL, NoSQL

Applications: GitHub, MongoDB, MySQL

Tools: Express, React, Node, Handlebars, Query, Bootstrap

APPLICATIONS

TheDailyDive | github.com/Chequelito/theDailyDive | <https://chequelito.github.io/theDailyDive/>
